- 3 What was the biggest challenge I encountered? How did my group work to resolve this challenge?
- 4 Did my group divide our responsibilities fairly? Did the role I was assigned fit my strengths?
- 5 What was our most important takeaway from doing this project/assignment?
- 6 What is one thing I learned from working amongst my group members?
- 7 If I were to do this project/assignment again, what would I do differently?
- 8 How do I feel about the end product of this project/assignment? What do I like/dislike?
- 9 How do I think I did working with this group, compared to other groups I have worked with in the past?
- 10 As a group member, what would I like to improve on?

- 12 What was one interesting discovery I made throughout this process?
- 13 How can I apply what I have learned throughout completing this piece of work to my daily life?
