When you think you are done...

PAUSE & PONDER

COMMUNICATION

○ How can I arrange my work in a better way to make sure my thoughts are clear and easy to understand?

○ How can I make my work more interesting and easier to understand by adding pictures or diagrams?

○ Does the way I wrote my work match well with the people who will be reading it?

○ How did everyone working together as a team make the project better and different than if I had worked on it alone?

THINKING

○ How can I link together different ideas or connect to things I have learned in class to make my work more interesting?

○ What new strategies or ideas can I try including in this work?

○ How did I consider different perspectives or viewpoints?

○ How did I incorporate feedback from my peer review in my work?

PERSONAL & SOCIAL

○ What improvements can I see in my work because I didn't give up on the parts I found hard to do?

○ Which parts of my work do I feel really stand out and make me feel proud?

○ Which parts of the work were so hard that I know I need to practice more to get better at them?

○ What kind of action can I take, based on this work, to help my community and the natural world in a positive and long-lasting way?
