# Teacher Toolkit

**GRADES K-3**

# Feedback Prompts

Provide feedback on student Posts!  
Consider recording audio or video  
feedback:

- I really like how you...
- Next time, try...
- Can you explain your ideas more?
- I am so proud that you...
- What did you learn?
- What will you do next?

# Online Reminders

Consider co-creating expectations and reminders with students for positive online learning behaviour! Post your list around your classroom and refer back to them.

Here are a few examples:

- Ask for help if you are unsure
- Post only kind words online
- Stay on [www.SpacesEDU.com](http://www.SpacesEDU.com)
- Help your classmates
- Try your best!

# Introduce Yourself

1

Have a class discussion about what makes us unique

Consider reading a book to go along with this  
("I am Me: A Book of Authenticity" by Susan Verde is a great one!)

2

Have students Post to SpacesEDU (audio, video or typing)

Post title idea: "All About Me".

**Teacher Tip: Create your own post to use as an example!**

3

If you have enabled this option for students, encourage students to read/listen to each others posts and comment/react to 2-3 posts

## Ideas for an "All About Me" Post:

- Hobbies & Interests
- Family
- Dreams & Goals
- Fun Fact!
- Favourite Things (food, animal, colour, book, movie)

# Digital Literacy

- 1** Lead a discussion with your students about creating a positive digital footprint and the importance of online privacy
- 2** Have student Post their thoughts in SpacesEDU (recording a video, audio, or typing)

## Student Question Prompts:

- What information should you share online?
- Why is it important to only share certain information online?
- What information should you keep private?
- How can we stay safe on the internet?
- What can you do if you are unsure if it is safe information to share online?

### **i** Note:

SpacesEDU is a secure site and only students, teachers and parents who are linked can view a student's account.

# Additional Resources

Our support goes beyond this Handbook! Check out our helpful resources below to expand your learning and receive additional ideas and support:
